Resources Department/Rural Works Department/Public Health Engineering
Department/Urban Development & Housing Department and Planning &
Development Department, Bihar, Patna.

Sub: Regarding implementation and rollout of Works Accounts Management
Information System (WAMIS).

Sir,

Government of Bihar has been laying great emphasis on creation of infrastructure across the State with effective monitoring of the physical and financial progress to ensure that service delivery to citizen improves. Finance Department in consultation with the Works Departments zeroed upon the need of implementing a works management system which will not only complement the Comprehensive Financial Management System (CFMS) but will also assist in effective management and monitoring of projects. Finance Department, based on the recommendation of the committee constituted to identify a suitable solution, shortlisted WAMIS application for implementation and rollout across the State. The WAMIS application covers the entire lifecycle of a typical construction project work, right from its inception to its final completion and includes functionalities such as administrative approvals, technical sanctions, e-Measurement Book (eMB), billing, mobile application for survey/inspection etc.

This is to inform you that the C-DAC team under necessary technical guidance from WAMIS Working Committee has completed (with few exceptions) some of the key project related activities such as current state assessment, gap analysis, customization of WAMIS application, integration with CFMS, pilot run cum UAT and training of users. Finance Department, based on the recommendation from WAMIS working committee, has decided

to operationalise the WAMIS application from the new financial year i.e. 1st April, 2022. In this regard, following instruction is being issued:

- All works management related functionalities such as expenditure sanction, first bill, running bill etc. in CFMS will cease to function from 1st April, 2022. All new works should be mandatorily created in WAMIS from the cut-off date.
- Functionality related to creation of new works in CFMS will cease to function from 1st March, 2022. This is required for seamless migration of works related data. TCS team has to ensure compliance of the same.
- C-DAC team will ensure that all pending functionalities including e-signature, sms notification, mobile app etc. is developed and delivered within the given cut-off date. C-DAC will also ensure that all data migration activities are successfully completed and signed-off by the WAMIS working committee within the given cut-off date to ensure seamless migration to WAMIS. A detailed instruction will be issued in due course and all works division are requested to extend necessary support in this regard.
- Building Construction Department and Road Construction Department shall ensure timely operationalization of WAMIS helpdesk by 28th February, 2022. Refer our communication issued vide letter no. 392 and 394 dated 20th January, 2022 to BCD and RCD respectively in this regard.
- Training for master trainers and majority of the divisional users has been completed. However, if there is any additional training related requirement, concerned divisions may reach out to the following officers to arrange additional training.
 - Shri Alok Kumar, Joint Secretary, Road Construction Department (WAMIS Nodal Lead) Mobile No. 918544402064, Email Id: redwamispatna@gmail.com
 - Shri Saurabh Tripathi, WAMIS Project Manager, C-DAC Mobile No. 91 70355 35570, Email Id: saurabht@cdac.in

Yours Sincerely,

(Dr. S. Siddharth)
Additional Chief Secretary.
