Official Seal

TERMS AND CONDITIONS

1. Users will be provided USERID and PASSWORD after completion of testing/enlistment one time process. Users are requested to keep the given Login id and password a secret.
2. Please change your password immediately. Thereafter change the password as frequently as possible, at least once in every three months.
3. Not doing 1 & 2 above may compromise security on account of hackers. Hackers can use the same account for getting vehicle information. **NIC/State Transport Department is neither responsible nor accountable for this type of misuse of the compromised user accounts. Detection of misuse by automated monitoring tools may result in deactivation of the account.**
4. Users are requested, if possible, to install the personal firewall software to secure their machine.
5. Users are requested to install the Antivirus software with latest pattern update periodically and OS patches in their system.
6. NIC will take all possible measures to prevent data loss, however, due to unforeseen technical issues, if the same happens, NIC cannot be held responsible.
7. Applicant shall maintain the security and integrity of information received. **NIC/State Transport Department is neither responsible nor accountable for this type of misuse of the compromised user accounts.**
8. Applicant shall maintain and update current list of persons and entities authorized to access the information or to whom such information may be disclosed. This list shall be made available to MoRTH/State Transport Department upon request.
9. Applicant shall not use, sell, retain, distribute, provide, or transfer any restricted information or portion of such information accessed except as authorized by the Transport Department
10. The Department on behalf of MoRTH reserves the right to audit Applicant's compliance with set rules/acts.
11. The applicant understands and agrees that State Transport Department/NIC shall not be liable for any damages arising out of or in any way connected with applicant's access or use of information.
12. Applicant shall abide to the AIS-140 protocol and follow the CODE OF PRACTICE for Implementation of Vehicle Location Tracking (VLT) Device, Emergency Button(s) as stated/amended time to time by MoRTH. Also, The VLT device manufacturers shall ensure that a control mechanism is established for the secure data transfer from VLT to the backend system and that only the authorized devices transfer data to the backend system. The VLT device manufacturers shall also ensure that the mechanism for authenticating the vehicle owner and devices is followed as per the protocol specified in AIS-140 or such additional requirements as specified by the States/UTs.

We accept the above terms and conditions.
