

## **CHAPTER-3**

**The Procedure is followed by the Environment, Forest, and Climate Change department in the decision-making processes, including channels of supervision and accounts.**

As per the functions and duties assigned to different level officers and officials the decisions are taken at different levels. There are channels of supervision existing in the department, as far as the accounts are concerned, DDOs (DFOs) is responsible for the disbursement of the money for the developmental works as well as protection, management works and taking their accounts along with vouchers. DDOs pass the vouchers and submit the accounts to Accountant General.
