Compensatory Afforestation Management and Planning Authority (CAMPA)

&

Forest Conservation Act. 1980

- Progress in CAMPA
- Forest Conservation Act 1980 and its guidelines
- Online and offline procedure of processing the Forest Diversion proposals

A Summary

Forest (Conservation) Act 1980 (FCA) – Salient Features

- **Object/Purpose**

Overall Extent of "forest land " or "forests" do not decrease due to development and industrial activities / processes.

- **Scope & Mandate**

A. "forest" lands include:

*i. Lands notified under **Indian Forest Act 1927 or earlier/other Forest Acts – Relevant in Bihar***

*ii. All lands recorded as "forests" in any Govt. Records. – **Relevant in Bihar***

(a) Any Govt records generally but not exclusively mean Land Revenue Administration Records e.g. "Khatiyani" "Surveyed map" etc.

(b). "forests" also mean other similar names like "Jungle Jhar"

(As per Supreme court Judgment in 202/95, T N Godaverman vs Union of India)

EXCEPTIONS: *Tree & Bamboo Plantations of Farm Forestry/Agro-forestry*

B. All Government agencies (departments and organisations) and Private persons are covered by this Act.

Forest (Conservation) Act 1980 (FCA) – Salient Features

■ IMPLEMENTATION MECHANISM

A. Diversion of “Forest” Lands for “Non-Forest Purpose” use is **prohibited, except with “Prior Approval”** of Central Government in *Unavoidable or Exceptional* cases.

✓ “*Unavoidable or Exceptional*” cases – Determined in the process of approval under the guidelines of FC Act.

✓ “Prior Approval” is given with Compensatory stipulations and other Conditions.

✓ “Prior Approval” in these cases IS NOT equivalent to a “NO-OBJECTION CERTIFICATE” from Forest Deptt.

✓ “Central Government” here means authorities of MoEF & CC, Govt. of India or for the use of delegated powers in specified categories of cases of diversion, its Regional Office, Ranchi and State Forest Department (*very limited in respect of SFD*)

B. Penal Provision for Authorities - responsible for unauthorised diversion of forest land. Authorities mean – The officers of User Deptt./Agency sanctioning and executing the works leading to diversion of “forest” land. (15 days imprisonment)

C. Prosecution – As per authorisation by Central Govt.

STAKE HOLDERS & ROLES

State Forest Deptt

APCCF & Nodal
Officer

*PROCESSING,
FORWARDING,
ENFORCEMENT
& REGULATIION*

Diversion of "Forest"
Lands for

Infrastructure - Industry
National Strategic Needs
Local Community Needs

**MoEF & CC, GoI
Regional Office,
Ranchi**

*APPROVING,
MONITORING &
ENFORCEMENT*

User Agencies - *APPLICANTS*

Central Govt Agencies – RAILWAYS, NHAI, POWER GRID, DEFENCE & BORDER SECURITY etc.

State Govt Agencies – RCD, WRD, ENERGY, REO, MINOR IRRIGATION, DISTRICT & PANCHAYATI RAJ. ADMN.,

Private Agencies – Telecommunication, Mining, Access Routes - Petrol Retail Outlet

FCA Guidelines- 1

A. Categories of cases eligible for consideration for diversion of “Forest” lands

1. Unavoidable alignments of **Linear Infrastructure Development** –
 - Roads, Railway tracks and Canals/Waterways of Irrigation Projects,
 - Electricity Transmission Lines, Gas and Oil Pipelines, Telecommunication Fibre Cabling etc
2. *Establishment of Facilities/Camps / Outposts etc. National Strategic Purposes* - Defence, Paramilitary and Indo-Nepal Border Administration and LWE affected area – Unavoidable or Vantage locations situated in forest areas.
3. Water Resources Development Projects - Dams & Reservoirs, Hydel, Minor Irrigation
4. Mining
5. **Local Community Needs and Welfare Purposes** –
 - Electricity distribution lines; Rural road connectivity, Village roads
 - Schools, Dispensary, Water supply

FCA Guidelines - 2

Scheme of Power of Approval (with delegation)

1. State Govt. i.e.
APCCF & NODAL
OFFICER FC, BIHAR

- Non-LWE districts - Diversion in 11 categories **up to 1 ha.** in – 23 districts
- LWE districts - Diversion in 11 categories up to 5 ha. in 15 districts

2. MoEF, GoI
Regional
Office
Ranchi

- **Irrespective of the area of forest land involved** - All Linear Projects – *Roads, Railways, Transmission Lines, Gas Pipeline, Telecommunication Cabling*
- **Up to 40 ha. of forest land** - Other projects except *Mining, Hydel and Regularisation of Encroachment*
- In case of *Mining, Hydel and Encroachment* the Regional Office is advisory/ recommending body.

3. MoEF & CC
Govt. of India
Delhi

- All Mining and Hydel projects irrespective of forest area
- All Encroachment Regularisation irrespective of forest area
- Cases above 40 ha. Not covered in

Delegated of Power of Approval to State Government & Nodal Officer under GENERAL APPROVAL by Central Government

I. *Limited to 1 ha. of forest land* in 23 non-LWE districts

II. *Limited to 5 ha. of forest land for 15 LWE affected* districts:

(LWE districts : Aurangabad, Arwal, Nawada, Jehanabad, Gaya, Rohtas, Jamui, Kaimur, Munger, Sitamarhi, Bhojpur, Nalanda Patna, E.Champaran,W. Champaran)

Eleven Activities & Purposes Specified under General Approval

1. **Community Needs & Welfare:** Schools, Dispensaries / hospitals, Drinking water projects, Skill up-gradation / vocational training centers
2. **Environmentally conforming structures:** Water / rainwater harvesting Structures, Minor irrigation canals
3. **Power and telecommunication lines,** Non-conventional sources of energy, Power Sub-Stations, Communication posts,
4. **Police establishments** like police stations / outposts / border outposts / watch towers, in sensitive areas indentified by the Ministry of Home Affairs.

FC Act GUIDELINES – 3/2

Activities & Purposes Specified under General Approval for LWE districts Continued.....

5. **Construction and widening of village roads / other roads in two lane /optical fibre cable/telephone lines/ drinking water facilities**
6. **Up-gradation / strengthening / widening of existing bridges by the Border Roads Organization (BRO)**
7. **Sp. Provision / Clarification for Pradhan Mantri Gram Sadak Yojana (PMGSY)**

Conversion of Forest Roads constructed before 1980 into Pucca Road by Black Topping or otherwise for improving village connectivity *with conditions:*

- i. Width not to be increased*
- ii. Existing alignment or curves not to be changed*
- iii. Other operational conditions to be imposed by DFO*

General Approvals

- Legal status of land remains unchanged.
- The User Agency shall submit application to the State / UT in the prescribed format
- The DFO shall assess bare minimum requirement of the forest land for the project not exceeding one hectare in each case.
- UA to seek permission duly recommended by Principal Chief Conservator of Forests
- No. of trees per ha ≤ 50
- National Parks and Wildlife Sanctuaries are not in ambit of this rule.
- The User Agency shall plant & maintain ten times the number of trees on the diverted land to maintain the green cover at the project Cost Planting site for the purpose will be identified by the State Forest Department(preferably within in the surrounding area of the project). indigenous forest tree species shall be used for such plantations.
- The UA shall pay NPV for the forest land.
- The permission granted by the state Government shall be subject to the monitoring by the concerned Regional Office of the Ministry of Environment and Forests.
- The Nodal Officer (FC) shall submit half yearly reports to the MOEFCC and Regional Office concerned regarding approval of such cases. In the event of failure, the exercise of power by the State / UT Government to grant such permission may be suspended by the Central Government

PROCUDERE & PROCESS - 1

PROCEDURE - 1

I. Two – Stage Approval Process

- Application by User Agency in Prescribed Format – Consideration by designated authorities
- Stage I (*In-Principle*) Approval with stipulations and conditions
- *Fulfillment of stipulations in Stage – 1 Approval*
 - *Work commencement permission issued in case of Linear Infrastructure Projects*
- *Stage 2 (Final /Formal) Approval with conditions ;*
- *Forest land transferred to user agency by Government Notification*
- *Monitoring of Compliance of conditions by MoEF & SFD*

PROCUDERE & PROCESS - 2

II. Stipulations & Conditions for approval

1. COMPENSATORY AFFORESTATION (CA)

A. For Central Government Projects –Non-Forest Land Not Reqd. – CA on double area of degraded forests in State

B. For State Govt. and Private Projects –

I. For use of Road side notified forests – NO Non-Forest Land Reqd. – CA on double area of degraded forests in State

(for Diversion of less than 1 ha forests , CA on double area is not insisted but ten times of trees felled are to be planted or minimum 50 trees)

II. For natural forests notified as PF or RF and “forests” in Govt. Records – Equal area of suitable non-forest land (Mostly relevant in 12 districts – W. Champaran, Kaimur, Rohtas, Aurangabad, Nawada, Gaya, Nalanda, Jamui, Lakhisarai, Munger, Banka)

2. Cost of Compensatory Afforestation

3. Net Present Value of forest land to be diverted

Procedure and process- 3

Process of Stage I and Stage II approval
fgUnh [version](#)

- Mandatory Online and Offline Application
- Registration of User agency-creation of User ID and Password on website [www.moef.nic.in/ project](http://www.moef.nic.in/project) approvals or www.forestsclearance.nic.in
- Online submission of FORM-1 & : Requirements – Project inf.; Calculation of Forest Area requirement; Justification; Topo-sheet Map of Survey of India; Geo reference map in shp file or KML file of forest area required and then **submit (If do not submit than it will remain in draft mode)**
- **Details of Form -1**
- Nodal Officer will scrutinize and can raise query or tell to submit hard copy.
- Online submission through website and offline submission of Hard copy to Nodal Officer

User Agency Has To Provide Following Information in Form-1

- Project details – It includes general description of project, purpose-wise area of forest land to be diverted, cost, rationale behind use of forest land, man-days generated, cost-benefit analysis, details of approval of project.
- Cost benefit analysis is mandatory for projects demanding diversion of more than 20 ha of forest area New Guidelines issued on 1st August
- Map of forest area on **Topo-sheet of Survey of India (scale - 1:50000) with GPS reading**
- **Geo referenced Map in Shp file or KML file**
- In case of displacement of people, rehabilitation plan
- In case **Environmental Clearance** is needed(for proposals of more than 100 ha), letter of approval
- An undertaking to deposit NPV (net present value) of forest land; cost of CA (compensatory afforestation); cost of PCA (penal compensatory afforestation); Cost of creating safety zone

User Agency Has To Provide Following Information in Form-1

- Complete details of alternative alignments especially in case of projects like roads, transmission lines, railway lines, canals, etc. to be shown on Map.
- In mining projects certificate from Competent authority like District Mining Officer about non-availability of the same mineral in nearby non-forest area
- If user agency has taken land for similar projects in past then a brief details of those with current status of such projects

Procedure and process- 4

- Onward submission of hard copy to DFO by Nodal Officer and also online migration
- Inspection by DFO and Form II submission in hard copy /also online
- Inspection by CF and Form III submission in hard copy/online also
- Submission by Nodal officer to State Government after approval of PCCF Bihar/also online
- Forwarding the hard copy proposal to MOEF&CC by state government /also online
- Regional Empowered committee meeting at Ranchi for proposal bigger than 5 ha
- Stage I sanction by MOEF&CC
- Approval by Nodal Officer in cases within Delegation of State Govt. by Stage I and Stage II process except in case of Pradhan Mantri Gram Sadak Yojana

Procedure and process- 5

Communication of stage I sanction to the state Government

Communication by nodal officer of stage I sanction to DFO/User Agency for Compliance

Compensatory Afforestation scheme submission by DFO to Nodal Officer at latest wage rate and Schedule of rate of PCCF (Development)

Demand letter by nodal officer to User Agency for NPV and CA/PCA @

Mandatory Online e- Challan generation from the website by User Agency for Fund Deposition to adhoc Campa then use RTGS or NEFT

Para wise compliance of Stage I Sanction by the user agency to Nodal Officer
Proposal submission to the state Government by Nodal Officer

Proposal forwarding to MOEF&CC for stage II sanction

Stage II sanction by MOEF&CC and its communication

Proposal submission by nodal officer for notification to state government

Final notification by State Government for non forestry purpose

Common Errors

- Map on Survey of India topo-sheet and geo-referenced map in shape file format of the forest land proposed for diversion and CA land.
- Details of the area calculation with ROW.
- Complete list of tree enumeration in the forest land proposed for diversion.
- Class wise and girth wise summary
- Actual number of trees required to be felled as well as the number of trees enumerated in the total forest land proposed for diversion. (As per Ministry's Guidelines No.11-91/2012-FC(Pt)(I) dated 8.4.2013).
- Complete FRA certificate.
- Complete details of alternative alignments examined and to be shown on map with details of forest land involved, proposed tree felling in each alternative.
- Online submission of proposal not done by registering on website-user agency
- Hard copy of proposal handed over physically but hard copy not uploaded on system.-User agency
- Wrong mail or mobile number is given or User ID and Password misplaced. –User agency
- E- challan not generated and money deposited beforehand.

Time lines

- Online entry
- Nodal officers-Hard copy-Two days
- DFO and CF -90 days
- Nodal Officer and PCCF - sixty days
- State Government -60 days
- MOEF & CC-30 days

Compulsory online registration of the
projects at Ministry website
moef.nic.in
forestsclearance.nic.in

A. General Details

A-1. Project Details

 Name of Project for which forest Land is required : (Enter short name of proposal e.g. Singhe Thermal Power Plant, Shikra Nangal Dam, KCBT Mine)

 Short narrative of the proposal and Project/scheme for which the forest land is required :

 State :

 Category of the Project :

 Shape of forest land proposed to be diverted : Linear Nonlinear Hybrid

 Estimated cost of the Project : (Rupees in Lacs)

 Total period for which the forest land is proposed to be diverted : Years

 Total Area of Forest Land proposed for diversion : (Ha.)

 Non-Forest Land required for this Project : (Ha.)

SOME GUIDELINES FOR LAYING TRANSMISSION LINES THROUGH FOREST AREAS

- The width of right of way for the transmission line on forest land shall be as follows:

Transmission Voltage	Width of Right of Way (Meter)
11 kV	7
33 kV	15
66 kV	18
110 kV	22
132 kV	27
220 kV	35
400 kV S/C	46
400 kV D/C	46

- Below each conductor or conductor bundle, following width clearance would be permitted for stringing purpose:

Transmission line with conductor bundle	Width clearance below each conductor or conductor bundle (meter)
Upto 400 kV twin bundle	3
400 kV triple bundle	5
400 kV/ +/- 500 kV HVDC/ 765 kV Quadruple bundle	7

- In the remaining width of right of way trees will be felled or lopped to the extent required, for preventing electrical hazards by maintaining the following:

Transmission Voltage	Minimum clearance between conductor and trees (Meters)
11 kV	2.6
33 kV	2.8
66 kV	3.4
110 kV	3.7
132 kV	4.0
220 kV	4.6
400 kV	5.5

**COST BENEFIT ANALYSIS-NEW
GUIDELINES- APPLICABLE SINCE 1ST
AUGUST 2017**

- Applicable to all projects of more than 20 ha forest land diversion in plains which are yet to be recommended by State governments.

Cost of Forest diversion	New guidelines
	Standard cost of the project
Economic value of loss of ecosystem services	NPV of forest land / ten times NPV in National park/5 times NPV in sanctuary
loss of animal husbandry productivity	to be quantified or 10% of NPV applicable whichever is maximum
Cost of human resettlement	to be quantified and expressed in monetary terms as per R&R plan
Loss of Public Facilities	to be quantified and expressed in monetary terms on actual cost basis
Possession value of Forest land diverted	30 % of NPV due to loss of forests or circle rate of adjoining area in the district as cost component whichever is maximum.
Cost of suffering to oustees	The social cost of rehabilitation of oustees (in addition to the cost incurred in providing residence, occupation and social services as per R&R plan) be worked out as 1.5 times of what oustees would have earned in two years, had he not been shifted.

Cost Benefit Analysis-New Guidelines

Cost of Forest diversion	
Habitat Fragmentation cost	Cost due to fragmentation has been pegged at 50% of NPV applicable as a thumb rule.
Compensatory Afforestation and soil moisture conservation cost	The Actual cost of compensatory afforestation and soil moisture conservation and its maintenance in future at present discounted value.
Benefits of Forest Diversion	
Increase in productivity attribute to the specific project	To be quantified and expressed in monetary terms avoiding double counting.
Benefits to the economy due to the specific project	The incremental economic benefit in monetary terms
No of population benefitted due to specific project	As per DPR of Project
Economic benefits due to direct and indirect employment	As per DPR of Project
Economic benefits due to Compensatory afforestation	Benefits from such compensatory afforestation accruing over next 50 years monetised and discounted to the present value.

Thanks
