Government of India
Ministry of Law & Justice
Department of Justice

Jaisalmer House, 26 Mansingh Road,
New Delhi, the 24th June, 2026

To

The Law/Home Secretary, All State Governments/UTs

Sub: Introduction of New Functionalities on Nyaya Vikas Portal – Prioritization of Projects and Submission of E-Payment Files – regarding.

Sir/Madam,

I am directed to invite your kind attention to this department email dated 02.06.2026. As you are aware, the Nyaya Vikas Portal serves as the online platform for monitoring the physical and financial progress of the projects under the Centrally Sponsored Scheme (CSS) for the Development of Infrastructure Facilities for District and Subordinate Judiciary. The Department of Justice has introduced new functionalities on the portal for proper monitoring of the projects and ePayments.

2. As of now, the Program Division of Department of Justice (PD, DOJ) is not able to view the details of the projects for which e-payment files are submitted by the States/UTs on PFMS portal. Therefore, the PD, DOJ cannot determine if central funds are being incurred on the projects to the extent of their eligibility as per Scheme guidelines. The integration of above mentioned new functionalities on the Nyaya Vikas Portal will bridge this data gap and optimize the project prioritization workflow.

3. The Department of Justice has returned a few ePayment Vouchers uploaded recently by the States/UTs on PFMS citing the reasons that requisite project details are not available with the department or the central share of funds had already been released as per normative cost of the five components covered under the Scheme. Under the new functionality, all such details related to e-payment files will now be captured and managed exclusively within the Nyaya Vikas Portal.

4. Accordingly, the concerned authorities in the States/UTs are requested to login on the Nyaya Vikas Portal and expedite project prioritization for FY 2026-27 keeping in view the contents of this department email dated 02.06.2026. After prioritization, all the details of the prioritized projects may be updated/completed on the portal. It may be noted that ePayment Vouchers on the PFMS will be approved only for the projects prioritized and fully updated on Nyaya Vikas Portal.

John
24/6/26

5. Since there are multiple stakeholders like State Law/Home Department, State Finance Department, High Court, Various Implementing Agencies etc. involved in project execution, billing, and consolidating invoices, States/UTs are requested to provide details of State Nodal Officer in the format as under: -

Name of the State/UT	
Name of the Nodal Officer	
Designation of the Nodal Officer	
Contact Details (office and mobile both) of the Nodal Officer	
Email ID of the Nodal Officer	

The above mentioned Nodal Officer will hold sole responsibility for prioritizing projects, updating details on Nyaya Vikas Portal and uploading corresponding e-payment voucher details on the Nyaya Vikas Portal. The details of said Nodal Officer may also be uploaded / updated under the profile section of the Nyaya Vikas portal.

6. This issues with the approval of the Competent Authority.

Yours faithfully,

Gaurav Kumar Tripathi

Box VI.14 Space-based infrastructure monitoring platform

ISRO's advanced geospatial platforms are playing a pivotal role in infrastructure monitoring and management. These initiatives support a range of projects from rural development and electrical infrastructure to judicial and urban planning, enhancing efficiency and tracking progress.

- **ISRO's Bhuvan Platform:** supports infrastructure monitoring under schemes like MGNREGS and watershed component of PMKSY at different stages of implementation.
- **Electrical infrastructure management:** Bhuvan facilitates the management of electrical infrastructure in Maharashtra and Telangana through Web-GIS portals.
- **NyayaVikas Portal for judicial infrastructure:** Developed in collaboration with the Department of Justice, this portal monitors 2,840 judicial projects using Web-GIS and mobile geotagging, with over 7,600 geotags created to track progress.
- **Urban geospatial databases for AMRUT Cities:** ISRO has created large-scale 2D urban geospatial databases for 258 AMRUT cities, assisting in developing GIS-based master plans for urban

- Web portal and Mobile App for the Monitoring of Projects under the Centrally Sponsored Scheme (CSS) for Development of Infrastructure Facilities for District and Subordinate Judiciary in the country
- The system supports different user roles, including Surveyor, Approver, State Nodal Officer, and Central User.
- The home page provides easy access to FAQs, important documents, and a photo gallery.
- Nyaya Vikas collects information on the project status that are either under construction or completed across India under the CSS
- Central users can monitor and visualize project details by state, district, and project status.
- Users can monitor project details such as physical infrastructure, Financial progress, and other key information directly from the dashboard.
- **Surveyor:** Using the Nyaya Vikas mobile application, surveyors can easily update the project status and geotag from the field
- **Approver:** Can review and approve projects
- **State User:** Responsible to upload details of all projects in the entire state.
- Users can also analyze project details through interactive charts available on the dashboard UI

Project Prioritization

State Nodal Officers must officially select and prioritize under construction projects within their State/UT.

The Priority assign window

- After logging in to the Nyaya Vikas Portal, a window opens displaying all projects currently under construction within the state.
- The state user needs to assign a unique sequence number (e.g., 1, 2, 3) to rank the projects in order of importance.
- State Users can filter the projects based on districts.
- State Users can preview and print the selected projects for the prioritization.

User Role: State

In order to ensure that the funds released under the Scheme are utilized for completion of only the ongoing specific projects, all such projects may be identified and indicated on this portal in order of priority for FY 2026-27.

Instructions for Project Prioritization

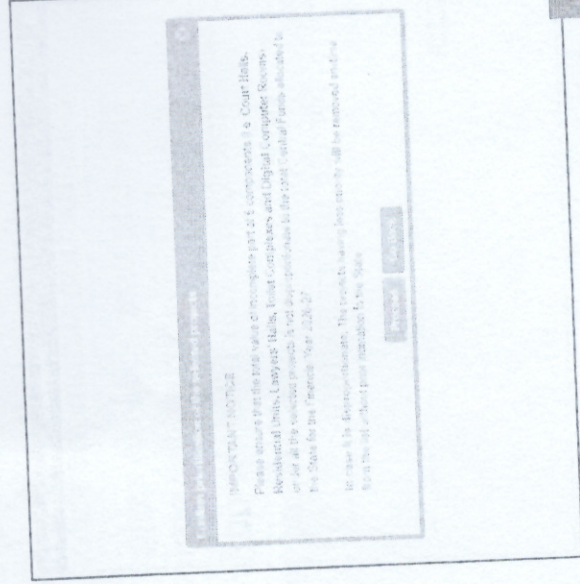

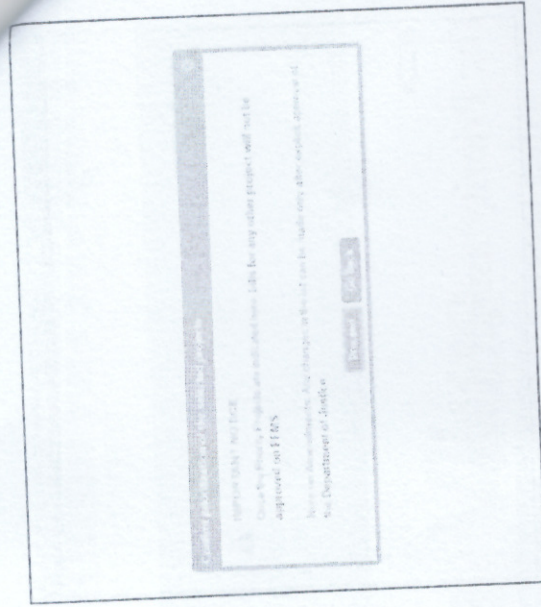

Priorities for the financial year can be assigned only once. Please review and finalize them

Bills for prioritized projects will be approved on PFMS. Bills for other projects will not be approved.

State users need to ensure that the **total incomplete value** of the following five components across all selected projects:

- Court Halls
- Residential Units
- Lawyers' Halls
- Toilet Complexes
- Digital Computer Rooms

Is not disproportionate to the **Central Funds allocated to the State for FY 2026-27**. If the value is found to be disproportionate, projects with lower priority may be removed from the priority list at any time without prior notice to the State.

Update Prioritized Project Details

Approver/Moderator must update physical and financial details for the prioritized projects in their districts.

Financial Progress Details

- **Project Contract Value** – Project contract value in Rs.
- **Expenditure Incurred** – Total expenditure incurred in Rs.
- **Central Funds Already Utilized in the Project** – Amount of Central funds already utilized in Rs.
- **Central Funds Required for F.Y. 2026-27** – Amount of Central funds required for the financial year 2026-27 in Rs.
