96	SSC/0002475	Neha Chikara	28-May-2019	According to your notification on LRC website i am telling u some issue which i have noticed in earlier list of qualified candidates. First of all i have noticed the marks obtained by candidates. According to your criteria which is 10% of matrices marks, 15% of intermediate marks, 70% of graduation marks and 5% of post graduation marks, it is impossible to get this kind of percentage like more than 90%. For example-> if a student scored 10 CGP in matric and 90% in intermediate and 90% in graduation and 90% in PG, if possible which is soo difficult .Then a student will get 91%. Very few student will score this percentage. In Bihar news many times u may see many students are getting fake marks. And the another issue is- i am a candidate of General category and of another state UP and the list of unreserved candidates also include candidates of another category like SC/ST ,OBC. You have mentioned in your notification that you will call 2.5% candidates for counselling . In unreserved category , u called only 220 candidates equal to number of seats for unreserved candidates in special survey clerk post. Last time for recruitment highest percentage for general category was 60% and lowest was 10% . So Proper evaluation of candidates is also required . I am kindly request u to evaluate your list again so that deserving candidates who may completely fulfil	Contents of the Grievance / objection examined. 258	LIP/00214026	Rohit Kumar	29-May-2019	SIR, My objection is that marks mentioned by some students in list are not correct. They entered incorrect marks in order to get priority over the students having actual merit. So my concern is for proper document verification should be done prior of making or calling for counselling process otherwise it will be complete injustice to other students and lack of transparency will force to take some legal actions. Published notice on your sites suggest in absence of proper conversion formula DGPA should be multiplied by 100 and divided by 10. Following this pattern my new score point should be read as follows- class 10- marks obtained 456/500=91.2% class 12 marks obtained 390/500=78% graduation(BTECH,ECE) marks obtained 8.81/10=88.1% so total new score=9.12+11.7+61.67=82.49	Contents of the Grievance / objection examined. I want to know why am i not shortlisted despite having degree from India NO -1 university (UNIVERSITY OF DELHI) and college (SHRI RAM COLLEGE OF COMMERCE)..??? Candidate having a degree from a private college easily got 80+%. I am confident that the candidate having a degree from private college are 100% Manipulated..they hiked their marks by paying bribes to private colleges or they bought fake degree from private college.. Most of the shortlisted candidate DOB are very older to me so in the older days, it is very hard to get even 60% Marks in the university exam. I Want to say that please make fresh merit list based on College and university and before making merit list kindly check university.. Category - ST.	Contents of the Grievance / objection examined. 834	LIP/00294138	Shubhra	05-Jun-2019	As per my University (AKU, Patna) rules there is no conversion formula for CGPA to % in M.Tech Degree. As per the notification no 801, dated 25.5.2019 conversion formula you have provided from GPA to % is as follows:- Marks in Percentage= Total GPA Awarded/Maximum GPA*100 So, according to this formula my M.Tech percentage becomes 81.50% instead of 74% which I have mentioned in application form. It appears that many candidates have filled in fake data with superficial marks to disguise the recruitment process, this objection is also against them ,in order to prevent selection from such elements. 5.I am reattaching my application soft copy along with this mail for a better understanding and for legal record purpose & perspective.
